**Will you sponsor a grade? Will your organization sponsor a grade?**

**Please Show Your Support for Glorious Victory Academy**

Glorious Victory Academy is a school on the outskirts of Mombasa Kenya, East Africa. The 240 students there are working daily to achieve a quality education, but unfortunately they are lacking required textbooks that will help them succeed. The 2010 charge for Bibles Books & Shovels, Inc. is to supply the needed textbooks for the school. We have been involved with this school since 2003 and while the academic level of the school has improved; we need your help to bring the school up to the level that will allow the students to compete with students around the world.

Your kind donations will help secure the required textbooks for this school that will in turn allow each student to receive a quality education. Also, your commitment will result in a great improvement for the school and will advance an area of the world that has traditionally been overlooked. Consider the impact your one-time donation will have on a child's lifetime, because the children of today will become the leaders of the future.

What will a one-time total investment of **\$11,000.00** mean to a community of less fortunate people?

For one child, the family will save **\$360.00** over 8 years on textbooks. Also over 8 years, the 240 students' families will save a total of **\$88,000.00**. All children will receive a good quality education. This means that in a lot of cases the children will be able to attend high school on scholarships, which will equate to even more savings for the families.

With a high school diploma the children will be able to make a difference in the political, economic, and educational systems in the country of Kenya and around the world. With this investment the students of GVA will make a difference in the world, and God will be glorified.

Furthermore, the textbooks will continue to be used as the books will remain at the school for the new incoming students, so those children and their families will reap the long-term benefits of your donation.

The other amazing thing is that GVA could be the only school in all of the country of Kenya that will supply all of the required textbooks for each of its students free of cost. Imagine that.

Total dollar textbook requirement per grade

<u>Grade 1</u>	<u>\$670.00</u>	<u>Grade 5</u>	<u>\$1,700.00</u>
<u>Grade 2</u>	<u>\$740.00</u>	<u>Grade 6</u>	<u>\$1,800.00</u>
<u>Grade 3</u>	<u>\$800.00</u>	<u>Grade 7</u>	<u>\$1,900.00</u>
<u>Grade 4</u>	<u>\$1,680.00</u>	<u>Grade 8</u>	<u>\$1,900.00</u>
